Bill and Staff,

A few weeks ago, the chief operating officer of our company made his first visit to our remodeled office in Mankato and he was very impressed with the building. Our agency has now been operating over a year at our newly remodeled office and we have received numerous positive comments.

I wanted to personally thank you for the positive experience we received during the remodeling process. Your staff kept us informed about the progress of the remodel and of any changes. More importantly, your company completed the job on time even though the timing was tight and you stayed within the budget.

Thank you for a very professional job done!

Sincerely,
