St. James, MN 56081

Re: Letter of Reference

To: Whom It May Concern:

We would like to recommend Wilcon Construction, Inc. as an excellent construction firm. Recently, my partners and I hired Wilcon Construction to build two 12 plex apartments in Mankato. We were very impressed with Wilcon Construction's professional and organized manner that allowed for great follow through with no surprises or hidden costs. The price of the completed project was the agreed upon price. The job was completed on time even though the time line was tight.

We would like to express our appreciation for a positive experience. We would highly recommend Wilcon Construction to others.

Sincerely,

Jeff Schmidt
