Dear Wilcon Construction, Inc.,  
Congratulations from Minnesota GreenStar Certified Green Homes and Remodeling! After completing the Final Construction Review of your checklist and documentation submitted 10 March 2010, we are happy to approve your Project Certification at the **Bronze level** of the MN GreenStar New Homes program.

Your final points achieved are as follows:

	Bronze	WCI
EE	108	180
RE	60	77
IEQ	52	58
WC	37	48
SC	52	70
Total	288	433

Your commitment to green-building and to healthier, more durable construction on this project is reflected in this certification. Raising Minnesota's standard of home-building starts with projects like Bill's House.

An official MN GreenStar Project Certificate will be sent out soon.

We thank you for your extensive hard work and for working with MN GreenStar, Minnesota's premier green-building standard for homes.

Best regards,

Mike, Janneke and Dani
