RE: LETTER OF RECOMMENDATION FOR WILCON CONSTRUCTION

To Whom It May Concern:

I am writing this on behalf of Wilcon Construction. I have had the opportunity to work with Wilcon Construction on a few projects in recent years, the most recent project being the Exterior Renovations to New Creation World Outreach Church in North Mankato, MN. Prior to starting construction, the design team met with Bill Freitag and Todd Tetzloff of Wilcon Construction multiple times to review the project scope and schedule. In those meetings they assisted the design team in reviewing options and discussing construction details in the development of the final documents.

During the course of the construction process, Wilcon Construction performed professionally and kept us informed when unknown challenges occurred. Their input and overall "Team Approach" was greatly appreciated throughout the process. We believe that Wilcon Construction's involvement aided in creating a very successful project that the New Creation World Outreach Church can be proud of.

Sincerely,

Eric L. Oleson AIA
